SPARTA, Wis., April 2 (Special).—The Ripon College Glee Club which gave a concert in the Congregational Church Wednesday evening, under the auspices of the Spartan Staff of the high school, was entertained at luncheon Wednesday noon by the Kiwanis club at its weekly gathering at Hotel Sidney. The club numbered about twenty-five young men, and gave an enjoyable concert at the church to a large and appreciative audience. District Attorney William Gleiss was the speaker at the Kiwanis luncheon, telling the duties and work of the district attorney's office. Short talks were given by other members of the club upon different topics. "Report from Good Roads to Congress," was given by George Seider. "The District Trustees' Meeting," W. T. Jefferson. "The Fathers and Sons Banquet," Lee Nolan. "United States and Canada Day," Rev. Joseph S. Morris. "The Dean Russell Meeting," Leo Benson. Next week it is planned to have the Kiwanis gathering in the evening, and this meeting will be held in the parlors of the Methodist church, and the Ladies' Aid Society will serve the dinner for the Kiwanians at six o'clock. A speaker from Canada is expected to be here to address the meeting.

The former will be held on the night of April 18, and the latter will be held on the night of April 19. They will be held in Assembly hall. The committees previously appointed will have charge. The ladies of the Eastern Star will furnish the banquet.

At the regular meeting of the Polly Anna Bridge club, held last Thursday afternoon at the home of Mrs. David Hemstock, the ladies gave up their card playing and spent the time telling comforting and doing other sewing for Mrs. George Hemstock, whose home was partially destroyed by fire recently and a considerable loss of clothing and bedding resulted.

THE JOHN McLEODS HAPPILY CELEBRATE 50TH WEDDING DAY

The Women of Welfare League Give Successful St. Patrick's Day Supper Party.

RUSHFORD, Minn., April 1 (Special)—Although last Saturday was a day of cloudy skies and cold wind, it did not affect the happy spirits of the large number of relatives, neighbors and friends of Mr. and Mrs. John McLeod of this city, when that happy couple celebrated the fiftieth anniversary of their marriage. Their anniversary home was given over to the celebration of their golden wedding anniversary. Mr. and Mrs. McLeod are well known in this community and have many friends. They were married in 1877, and have since that time lived happily together. They have four children, all of whom are now living in the United States. The celebration was held at the home of Mr. and Mrs. McLeod, and was attended by many of their friends and relatives. The evening was spent in a most enjoyable manner, and the celebration was a great success.

forgot for the hour of four to five on Saturday. The attendance is from twenty to fifty.

Mr. and Mrs. Jay McLeod, of Pine Bluff, Arkansas, are visitors in Rushford for a time, having come to participate in the celebration of Mr. McLeod's parents' golden wedding anniversary.

A wedding of recent date which impressed many is that of Miss Ella Ness, who became the bride of John McLeod. The marriage was performed at the home of the bride's parents, Mr. and Mrs. H. J. Ness, of Norway township, at four o'clock, and the officiating clergyman was Rev. N. S. Magnusson. The bride's attendant was her sister, Miss Emma Ness; the best woman being attended by Leonard Hanson, a cousin. At the wedding dinner, served after the ceremony, only the immediate relatives of the contracting parties were present. The newly-wedded couple will reside upon the farm of the groom's father, which he has leased.

The golden wedding anniversary of Mr. and Mrs. Thomas Parish, two Rushford people who just now are enjoying the sunshine of California, was celebrated on Friday, March 17th. Mrs. Parish was born in Philadelphia, Pa., and came to Minnesota with her parents when she was but five years old. Mr. Parish was born in England and came to America when twelve years old. They began housekeeping soon after their marriage, on the farm near Mrs. Parish's childhood home, on Lorota ridge, in Houston county, Minnesota. After farming for five years, they moved to Houston and in which they were engaged for twenty-two years, when they sold and moved to Rushford, purchased the Northwestern Hotel, which for eighteen years flourished under their management. In all they were engaged in the hotel business for thirty-nine years. Several years ago, they retired from active life, both are in excellent health and take an active interest in all that pertains to public life. They have six children: James, of Houston, Minn.; Walter, Mrs. A. K. Hanson, Minn.; all of Rushford; Floyd, son, Miss Eva, all of Rushford; Floyd, son, Miss Eva, all of Rushford; Floyd, son, Miss Eva, all of Rushford.

Last Thursday evening at the High School assembly room, there was enjoyed by a large number of visitors the regular meeting of the Literary Societies of the Rushford High School. The program was excellent, consisting of an opening session by the High School orchestra, followed by the Freshmen spelling match, and a violin solo by Supr. Co.

Friday evening, April 28th, will be given over to the enjoyment of the Senior class play, entitled "A Man of Honor." Because of former fine successes in directing class plays here, Mr. C. P. Wolf of Houston, has been chosen as the play's director. Accompanied by his sister, Miss Effie McLeod, John McLeod returned to his farm near Saskatoon, Canada, recently.

Miss Helen Smith, an instructor in the Minneapolis schools, has recently been spending the spring vacation at the home of her parents, Mr. and Mrs. H. M. Smith, of this city.

Miss Beth Johnson, daughter of Mr. and Mrs. M. Johnson, of this city, recently celebrated her tenth birthday with a party, attended by ten of her little friends. The hours were from seven to nine, and a dainty luncheon was enjoyed after various games were played.

The debate between the two societies was: "Resolved, that the British form of government is superior to that of the U. S." Those participating in the debate were the Misses Emma Mindrum, Marion Krohn and Martin Olson, for the affirmative; Margarette Jaustad, Otto Jensen and Lawrence Halverson taking the negative. The piano duets by Marion Jensen and Marion Jensen and also that of Lynda Quarve and Bethany Riste closed the program.

Some time in April, the Boy Scouts expect to put on their interesting play entitled "A Street Boy's Honor." The Scouts are hard at work upon their several parts and if perseverance and natural ability count the finished play is bound to be a success. Scout Master "Moppy" Anderson is giving all of his time possible with the boys in their preparations for the play and plans for the summer vacation. The boys are working like the proverbial beavers to earn the necessary money for the camping-trip which they hope to enjoy this summer.

The Rushford public school presented last Friday evening, at the Opera House, the dainty opera entitled "The Misadventure of a Day," by Beatrice Alderman. The opera was under the direction of Miss Rosa Kaudson, director of music in the Rushford schools, and was one of the finest entertainments recently enjoyed. All the numerous characters took their parts like veterans and won warm applause which was merited.

PLAN TO ORGANIZE INSTITUTE TEAMS FOR TEACHER MEETS

MADISON, Wis.—Plans for a series of fall institutes that will mean a large saving of money and more efficient programs are suggested by State Superintendent John Callahan this week in a letter to all the county superintendents of schools. Under the proposed plan county institutes would be held the latter part of September and the first of November. Some twelve institute conductor teams would be organized which would tour the various counties of the state at the same time. There is available \$3,000 to be distributed by the county superintendents, says Mr. Callahan in his letter, and \$4,000 to be distributed by the state superintendent. The average cost of each institute would be \$100. If the total available funds of both county and state were used this would make possible over 120 institutes. There should be a considerable saving in cost due to cutting down of travel as result of this plan.

The plan calls for 36 conductors, 12 of whom would be from normal

schools, 12 from county training schools, and 12 music supervisors, to be divided into teams of three each. Under the proposed plan half of the time would be devoted to the county superintendents' program of the year, and the other half to the instruction of the teachers. Whether this plan will be adopted for this fall will depend on the attitude of the county superintendents.

ADMIT EVIDENCE EVEN IF OBTAINED BY ILLEGAL MEANS

MADISON, Wis.—Evidence obtained by prohibition officers in a place which they have no lawful right to search is nevertheless admissible as evidence in court until adjudged otherwise by the state supreme court. Justice E. B. Messersmith, assistant attorney general, held in an opinion in *E. J. Jackson, district attorney of Iowa county, vs. The assistant attorney general*, that evidence should go on the assumption that it is admissible until the matter is decided by the high court. The Happiest Time of Her Life

Admiration, attention—groups of eager young men awaiting her appearance and more partners than she can dance with—this makes girlhood days the happiest time of a woman's life.

To miss this popularity is a tragedy. Yet many girls are socially unsuccessful because of some lack in charm.

What constitutes this charm is hard to define—but one thing is certain. The popular girl, the successful girl, the gay, happy, all-admired

girl, is always distinguished by a fresh, radiant skin.

How to have this perfect complexion is the problem of many girls, but we can solve it for you. It's a simple secret, discovered many thousand years ago.

What spoils complexions

Every day your skin accumulates a coating of dust, dirt and general soil. Every day you apply powder, and every day most women use a little or much cold cream.

This dirt, powder and cold cream penetrates the tiny skin pores and fills them. Perspiration completes the clogging. You can judge for yourself what happens if you fail to wash these accumulations away.

Once a day your skin needs careful, thorough cleansing to remove these clogging deposits. Otherwise you will soon be afflicted with coarseness, blackheads and blotches.

How soap beautifies

Mild, pure, soothing soap, such as Palmolive, is a simple yet certain beautifier. Its profuse, creamy lather penetrates the network of skin pores and dissolves all dangerous deposits. Gentle rinsing carries them away.

When your skin is thus cleansed, it quickly responds with fresh, smooth radiance. The healthful stimulation results in natural becoming color. And the lotion-like qualities of the Palmolive lather keeps your complexion delightfully soft.

Now, when your skin is healthfully clean, is the time to apply cold cream. Now, powder and that touch of rouge are harmless. You can perfect your good complexion and beauty one not so good by the means of this simple cosmetic cleansing.

Cleopatra's way

With all classic peoples, bathing was a daily rite never neglected. The ruins of Cleopatra's sumptuous marble bath are ample proof of her faith in this ancient beauty secret.

Palm and olive oils were the cleansers used—the same bland oriental oils we blend scientifically in Palmolive. The lotion-like qualities which made them the most highly prized of all old world beautifiers are imparted to Palmolive Soap.

A 10-cent luxury

The vast volume in which we produce Palmolive to supply the world-wide demand naturally lowers cost. If made in small quantities the price would be at least 25 cents. Manufacturing economy permits us to offer this finest facial soap for only 10 cents.

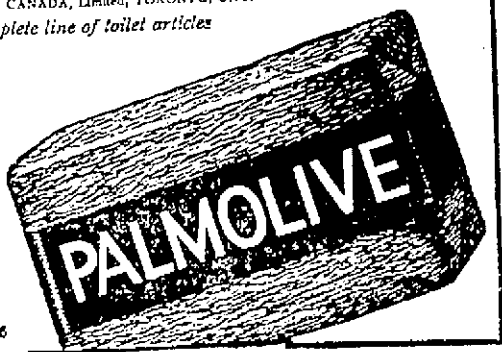

Thus you can afford to share Cleopatra's favorite luxury. Use Palmolive for bathing and let it do for your body what it does for your face.

EXPERT SALES MANAGER TO BE
EMPLOYED BY THE ASSOCIATION

Sale of Product to be on a Basis
of Quality

MADISON, Wis.—Efficiency in selling Wisconsin's 40,000,000 pound annual tobacco crop will be obtained through the northwestern Wisconsin co-operative tobacco pool, where previously the individual grower has been forced to handle his product without the benefit of organization, its promoters believe.

Selling of the product would be on a quality or grade basis, with the growers' marketing pool able somewhat to stabilize prices by feeding the market as demand makes itself felt, and through complete information concerning the stocks of tobacco in the warehouses of the nation in competition with Wisconsin, according to expression of the officers.

The affairs of the association are to be handled by an expert sales manager hired by the 16 directors from the four districts of the state. It is proposed that experienced tobacco men selected by the state department of markets will grade the tobacco into the 25 or 30 grades that are expected to be established should the pool commence operations.

Under the plan worked out at a recent meeting between the department of markets, the college of agriculture and representative growers, business men and bankers, banks would loan on tobacco delivered to the pool to the extent of 50 or 60 per cent of the value of the tobacco. As the crop is sold the first money received would be used to pay the loan at the bank, and after that all would be received among the growers as it is received.

Any surplus tobacco not sold and year would be placed in warehouses and disposed of as the market demands. The plan says that not to exceed one-half cent per pound of tobacco may be retained by the association and notes bearing legal rates of interest given on this amount, this money to be used for building up a sales organization.

The association, its promoters say, will never instruct its members to stop growing tobacco in order of overproduction, but it does intend to sell the market with the product, whenever more is grown than can be disposed of, loans will be made on the carry-over tobacco. Circuits would inform the members of the crop and market conditions.

Should a member of the association refuse to deliver his tobacco to the pool, the association under its contract may go into court and get an

Great Emergency

Such had been advised by his physician to cure himself of the liquor habit by taking something to eat whenever he felt the craving for drink coming on. One day he came rushing down from his hotel room to the dining room and yelled at the astonished waiter:

The Jewett Is Coming

ONE WEEK FROM NOW the new Jewett light six will be on exhibition in our showrooms and we shall be prepared to accept orders for immediate or very early delivery.

We make this preliminary announcement so that every local motorist may plan to see this remarkable car and arrange for a demonstration early in the week.

Up to now the Jewett has been displayed only at private exhibitions. But good news—important news—cannot be suppressed. That is why thousands of people are waiting for this car with an eagerness that is quite without precedent.

The word has gone forth that the Jewett is an astounding achievement in motor car value—a fine, high-powered six at a price that is little less than sensational. Though incomplete, that description fits the car with absolute accuracy.

What the public does not know is this: The Jewett is a very comfortable five-passenger car with superbly beautiful body lines and every appointment that a critical man

could desire. It is equipped with a fifty-horsepower six-cylinder motor that will develop a speed of sixty miles per hour or throttle down to a snail's pace in traffic.

It is built on a specially designed frame that cannot sag or weave. Its springs are unusually long and flexible. The body is hung close to the ground and perfect distribution of weight insures the calm, steady riding qualities of an ocean liner.

Though very high powered and brilliant in performance, it is a miser on fuel consumption and will turn up amazing mileage on its oversize cord tires. Such, in brief, is the Jewett. And the price is \$1065 f. o. b. Detroit.

Just now we will say no more. There are but seven days before the Jewett will be here to tell its own story as no words could ever tell it.

Come in at that time. See the car—ride in it—drive it—judge it from any angle that your experience suggests. Then, decide whether it is or is not the first real quality six at a quantity price.

NORMAL SCHOOL IS PREPARING FOR THE SUMMER SESSION

Record Breaking Attendance is Expected at the Coming Session

The authorities at the normal school are already working out the plans for the next summer session according to an announcement made by President F. A. Cotton of the local school.

Circulars containing complete information regarding the work given during the summer term are being mailed to all members of high school graduating classes and teachers in this section of the state.

Present indications point toward a larger attendance at the next summer session than ever before. The one held last summer was the largest for many years.

The summer session is designed particularly for teachers who wish to do work in certificate subjects in order to renew a certificate or to secure one of higher grade, but students may in the normal school who wish to continue their regular normal work during the summer may do so.

Students who are graduates of a four year course in high school may begin the work of some regular normal school course at the summer term. By attending the summer school of 1922, the regular session of 1923, and the summer session of 1924, they will be legally qualified to teach, and may finish the two year course while teaching by attending two additional summer terms.

The summer session is also used by normal school graduates and graduates of other schools who wish to take up additional work, or to review subjects in which they have already received credit. Graduates of the normal school course are enabled to obtain one-fourth of the year's additional work required to receive the state bonus.

Every course satisfactorily completed entitles the student to one week credit in the normal school. No student is allowed to carry more than four courses, and no student will be allowed to carry less than two courses. Following out the program of former years, a strong lecture course will be presented next summer. This course will consist of resident numbers and lectures by well known authorities.

MASK TORN FROM FACE OF KLANSMAN ATTENDING CHURCH

DENISTON, Tex., A dragon of the church arose and snatched the mask from the face of a Klu Klux Klansman when members of the Klan visited the First Baptist church here Sunday night. The Klansman hurried out and other persons quitted the affair. Some one in the audience struck the dragon in the face. The Klansman was a Deniston business man, persons attending the service declared. Fifty men, armed and masked, visited the Baptist and Presbyterian churches. Talks on morality were made.

HAROLD LLOYD, ANITA STEWART, ART RIVOLI

Ship ahoy! Laugh ahoy! Joy ahoy! Leave, ho, for the Rivoli Theater, ladies and lasses, for for Harold Lloyd has never had such a comical as "A Sailor-Made Man." Four solid reels of the clearest, brightest, merriest fun imaginable. In fact, it even surpasses imagination. Yesterday's audiences at the Rivoli found difficulty in catching their breath for the next onslaught of mirth. It will remain until Wednesday. It is impossible to review in a review to the new Lloyd comedy feature, for its fun, its delicious type, just as the taste of a delicious tidbit or the sensation of a tickle defies description. Its story is human, its titles are humorous, its settings of an oriental city, harbor and palace are lavish and spectacular; the battleship scenes are authentic. The story tells of Lloyd as the bored heir to twenty millions, who knows nothing about work and who joins the Navy to make a go of it. His sweetheart's dad, and then, in the end, resumes the part from the wild, Mahogany of a fictitious country. A special word of praise is earned by Anita Stewart as the girl who shares the Rivoli bill with "A Sailor-Made Man." Anita Stewart is the star role, is not seen as just an ordinary murderess. She commits the act

of violence in self-defense, but nevertheless is tortured by recollections because circumstances prevent her unburdening her mind without laying open to vicious accusation.

HOBERT BOSWORTH—MAJESTIC A cast of prominent screen players, widely-known individually and perfectly adapted to the characterizations they portray, support Hobart Bosworth in "Blind Hearts," which is the current feature at the Majestic Theater.

Bosworth, himself, portrays the absorbing and powerful role of Lars Larson, a descendant of Harry

Scandinavian stock who wins a fortune in the Yukon gold fields and with it loses the friendship of his lifelong companion, John Thomas. It is this barrier that separates the two for more than twenty years and its final bridging that constitutes the pivotal part of the drama.

John Thomas is enacted by Wade Boteler, featured player of many successful productions but perhaps most popular through his characterization of the "mess sergeant" in the screen version of Mary Roberts Rinehart's famous "Twenty Three and a Half Hours Leave."

Madge Bellamy, former New York stage favorite recently recruited to the screen, appears as Julia Larson, a role giving her the utmost opportunity for the display of her striking beauty and marked dramatic talents.

CASINO TODAY "Two Kinds of Women," in which Pauline Frederick appears in the stellar role at the Casino Theater, is one of the fastest-moving stories ever written by that noted author of Western yarns, Jackson Gregory.

The story was published under the name of "Judith of Blue Lake Ranch" but underwent a change of title for the benefit of motion picture audiences. Incidentally, it is one of the greatest vehicles in which Miss Frederick has ever appeared and she's the star at her absolute best.

"Two Kinds of Women" is an epic of the great outdoors. Charm, romance, the color and the exhilaration of much life have never before been depicted with such realism.

Theodore Watts, says Charles Rowley in his book, "Fifty Years of Work Without Wages," tells a good story against himself. A nature enthusiast, he was climbing Snowden and overtook an old gypsy woman. He began to dilate upon the sublimity of the

scenery in somewhat gushing phrases. (The woman paid no attention to him. Provoked by her irresponsiveness, he said: "You don't seem to care for this magnificent scenery?" She took the pipe from her mouth and delivered this sally: "I enjoy it; I like it.")

BADGERS TO POLLS TODAY TO VOTE IN JUDICIAL ELECTION

Campaign for Supreme Court
Justice Only Contest of
General Importance

BURR JONES AGAIN CANDIDATE OPPOSED BY MILWAUKEE MAN

City Officials and Lower Court
Judges Chosen in Some Places

MADISON. —The voters of Wisconsin go to the polls Tuesday at their annual spring election to choose city officials, elect local judges, and select a Supreme court justice and lower court judges in certain circuits and counties.

All state electors are qualified to ballot for the Supreme court candidates, Justice Burr W. Jones, Madison, seeking re-election and John Kleist, Milwaukee, his opponent. This is the only contest of general importance throughout Wisconsin.

Justice Jones was for years a professor of law at the University of Wisconsin, and has served on the Supreme court since his appointment in July 1920, by Gov. E. L. Phillips. He is endorsed by practically every bar association in the state.

Mr. Kleist has been a Milwaukee lawyer of prominence. He is endorsed by the socialist party, the Nonpartisan league, the Equity society and the Wisconsin federation of labor.

Nearly every Wisconsin city is engaged in a local political battle over selection of municipal officers or settlement of local issues. Mayoralty campaigns are going on in most cities, with the choice of aldermen, cities with the common council form of government, and of commissioners in cities with the commission form of government, before the voters.

Madison's principal fight is over selection of a city attorney, while Janesville is battling on the city manager plan of government. Oshkosh on a plan of purchase utilities under a plan of municipal ownership and operation.

Judges will be chosen in four judicial circuits of the state. In the sixth branch of the second circuit, comprising of Milwaukee county, where Judge B. T. Marchild is a candidate for re-election. In the third circuit, comprising of Calumet and Winnebago counties, where Judge Wilbur B. Horbut, Oshkosh, is a candidate for re-election. In the fourth circuit, comprising of Dodge, Grant, Washington and Waushara counties, will be chosen by re-election by County Judge David W. Agnew of Waushara.

Oshkosh, and George C. Hume of Chillicothe.

Judge Michael Kirwan is unopposed for re-election in the fourth judicial circuit, comprising of Manitowish and Sheboygan counties, while Judge Charles M. Davidson, Beaver Dam, of the thirteenth circuit, comprising of Dodge, Grant, Washington and Waushara counties, will be chosen by re-election by County Judge David W. Agnew of Waushara.

Municipal judges will be chosen in the first municipal court of Barron county; in the first municipal court of Burnett county, created recently by the county board; in the municipal court of Fond du Lac county; in the first municipal court of Oshkosh county and in the special municipal court of Price county, recently created by the county board.

A senior and a junior judge of the superior court of Dane county will be selected by the balloting Tuesday. Several candidates have appeared for each of the positions. The junior judgeship was created by the 1921 legislature.

In Douglas county a judge in the superior court is to be chosen Tuesday. In Douglas county, Judge J. C. Keenan, a candidate for re-election, and Richard county, are to be chosen Tuesday.

Heavy balloting is expected throughout the state because of the interest in local contests. But little campaigning has been done by the two candidates for the supreme court, inasmuch as the contest is expected to be of a strictly nonpartisan nature. Members of the bar and of labor and socialist organizations have been active, however.

Ben Franklin's Parents

Benjamin Franklin's father, Josiah Franklin, emigrated to America from England about 1683. His mother, a second wife was the daughter of Peter Folger, a leading settler, noted for his philanthropy and tolerance.

Alkali In Soap Bad For the Hair

Soap should be used very carefully. If you want to keep your hair looking its best, most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Multisilf coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

Two or three teaspoonful of Multisilf in a cup of water, with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Multisilf coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Multisilf.

DR. CYRUS NORTHROP NOTED EDUCATOR, DIES AT MINNEAPOLIS HOME

President Emeritus of Minnesota
University Succumbs Suddenly from Heart Disease

MINNEAPOLIS, Minn.—Dr. Cyrus Northrop, president emeritus of the University of Minnesota, died suddenly from heart disease at 5 p. m. Monday.

Dr. Northrop was sitting in an easy chair at home when he died. He had been feeling well all day, except for an attack of indigestion shortly after lunch on at noon, until the fatal seizure, ten minutes before the end came.

Dr. H. S. Diehl, head of the university health service, who was immediately summoned, said that heart disease, coupled with age, was the cause of death.

Dr. Northrop was president of the University of Minnesota from 1884 to 1911. He was a graduate of Yale, class of '57, Yale law school, '59, and held the titles of LL. D. from Yale, 1886; University of Wisconsin, 1904; Illinois college, 1904, and South Carolina college, 1905.

Dr. Northrop was born at Ridge-

field, Conn., September 30, 1834. He was married just twenty-eight years later on his birthday to Anna E., daughter of J. D. Warren of Stamford, Conn.

Dr. Northrop was admitted to practice at the Connecticut bar in 1860. He was clerk of the Connecticut house of representatives in 1861, and clerk of the senate the following year. In 1863 he was editor of the New Haven Palladium. From 1863 to 1884 he was professor of rhetoric and English literature at Yale.
